

What is ABCA?

The Andrews Business and Community Alliance (ABCA) consists of members of the business, civic, military and faith communities, elected and appointed officials, congressional staffers and other members of the public sector whose goal is to provide advocacy and support for the mission at JBA, located on thousands of acres in Camp Springs, Maryland.

ABCA's principal interests are advancing economic development and improving the quality of life for the residents of Prince George's County while supporting the nation's defense, the men and women of our armed forces and their families.

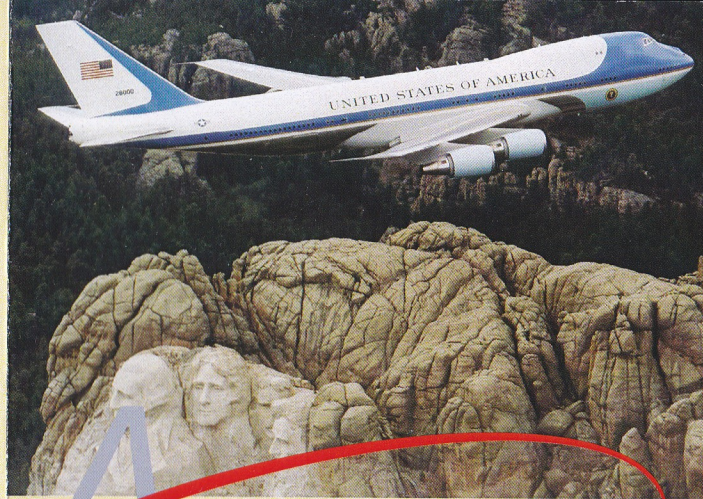

The Andrews Business and Community Alliance was created and formed under the auspices of the Greater Prince George's Business Roundtable (GPGBR). The Roundtable is a nonprofit, nonpartisan organization that desires to bring investment to the County while enhancing the quality of life for its residents.

ABCA relies for its operating funds on membership dues and grants from the State of Maryland and Prince George's County, Maryland. Staff is provided by GPGBR. ABCA is partnered with the Maryland Department of Commerce and is a member of the Maryland Military Council. The Prince George's County Council is a key strategic partner in our efforts by providing funds and myriad support.

Andrews Business & Community Alliance

PROVIDING SUPPORT AND ADVOCACY
FOR JOINT BASE ANDREWS
AND THE AIR FORCE DISTRICT OF
WASHINGTON AND THE UNITED STATES
AIR FORCE AND ITS PARTNERS

STANDING NEXT TO THOSE
WHO PRESERVE OUR NATION'S FREEDOMS

Andrews Business and Community Alliance meetings regularly connect local military with community representatives.

THE POWER OF COMMUNITY

Joint Base Andrews (JBA) is one of the largest employers in Prince George's County, Maryland, with nearly 20,000 men and women working, living and interacting on base. JBA provides more than \$1 billion in annual salaries, \$2 billion in direct spending in the regional economy, and \$6 billion in multiplier effects each year.

Additionally, more than three-quarters of a billion in contracts from the 11th Wing Contracting Squadron have been executed in the last five fiscal years alone.

We have long looked upon JBA as a source of pride for our County and recognize it as a vital economic engine that improves the lives of all of our residents. This jewel of Prince George's County represents the best of what we can become through our work with the base, the Air Force and our military partners.

A great statesman once said that success belongs to those who are actually in the arena...facing challenges. We are in that arena!

HONORING THOSE WHO SERVE

Too often we appear to take for granted the service and sacrifice offered every day by our men and women in the armed forces. ABCA's advocacy efforts represent the least of what we can do to give back to the base that is home to so many of America's finest. Through our members' work and spirit, we are able to remind our military continually that we admire

and appreciate their devotion to duty...and that our support will always be unwavering.

LASTING IMPACT

Through our ABCA meetings, we bring members of the JBA community together with our diverse membership for fruitful, open dialogues regarding the base and the surrounding communities. Visioning is an integral part of that dialogue.

It is through our deeds that our efforts live forever on JBA, in the Maryland Room at the Aeromedical Staging Facility, a space designed to create optimal comfort to those stepping foot for the first time in the U.S. after being wounded in overseas conflicts, bringing a sense of home with theater seating, a large screen television, gaming, internet stations and more. Our members, through donations and their time, helped to refurbish the Andrews Attic on base, bringing much-needed household items to those on smaller budgets. The ABCA helped to create a Children's Lounge at the 89th Air Terminal to assist parents with long delays awaiting potential flights. Our mission is as diverse as our membership, as we serve our Airmen, along with the Sailors, Soldiers and Marines who call Andrews home, while continually advocating for federal and local funding to make Joint Base Andrews the state-of-the-art envy of the entire Department of Defense.
